FAMILY PLANNING ON YOUR SMARTPHONE WITH ICYCLEBEADS™ SMARTPHONE APPS

iCycleBeads™ smartphone apps enable a woman to use the Standard Days Method® of family planning through her iPhone, iPod Touch, iPad or Android phone. These are the only smartphone apps in the world based on this highly effective, well researched family planning method. Plan or prevent pregnancy easily and effectively with your mobile device.

How to Use iCycleBeads™ Smartphone Apps to Plan or Prevent Pregnancy

To use iCycleBeads smartphone apps, a woman enters the start date of her most recent period into the app. At the click of the button, the app shows her where she is in her cycle and whether she is on days when pregnancy is likely or not. The
